CAREER OBJECTIVE

As a Junior Frontend Web Developer with a strong foundation in React.js and Tailwind CSS, aiming to create intuitive and visually appealing web applications. Leveraging my academic background in Psychology to enhance user experience design, I bring a unique perspective to developing user-centric solutions. Proficient in MongoDB, Firebase, and JWT, I am dedicated to building scalable and secure web applications. Eager to contribute to a dynamic team and continuously expand my technical skills while delivering impactful digital solutions.
